

Scope of the Environmental Management System

Document #: P4.3EMS
Rev Level: C
Rev Date: 09.06.2022
Page: 1 of 1

Purpose: Define the scope of ODM's Environmental Management System

Scope: ODM's Environmental Management System considers internal and external components of its business context, interested parties, environmental compliance obligations for all operations (metal stampings, welding, assembly, and support), and it will exercise control of all EMS related activities at its manufacturing facility and warehouse locations.

Process Owner: ISO/IATF Manager

Revision Log

Revision	Changes Made	Authored By	Approved By	Date
Rel	Original Release	T. Cruickshank	T. Cruickshank	09.19.2018
A	Eliminated some extra text	T. Cruickshank	T. Cruickshank	07.19.2019
